

*Display Your Success!*

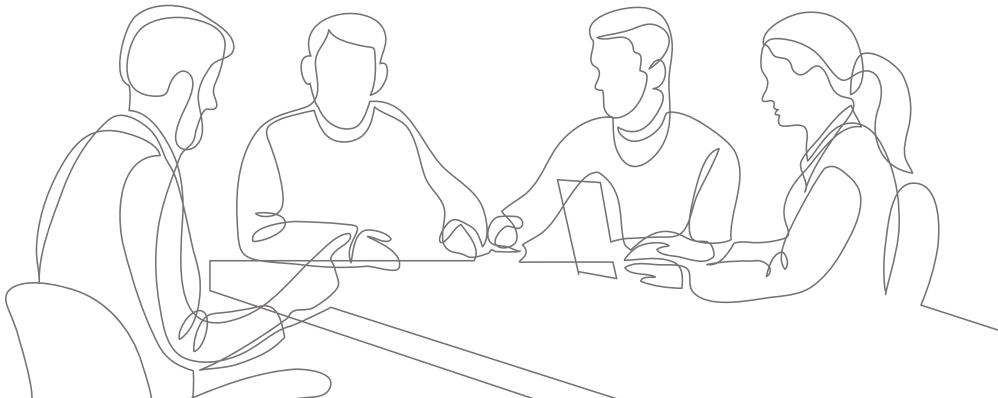

# ABOUT US

As Tekstilbox, we are based in Turkey / İstanbul and offer indoor / outdoor signage solutions for shopfitters, advertising agencies and sign makers for more than 30 years.

We export all around the World and we are the biggest print house in Turkey with our high quality printing machineries and components.

Our aim is to grow together with business partners and contribute to the sector with our innovative ideas and inspirational solutions.

# SAVE YOUR TIME!

TekstilBox is one of the most popular products for stores, events, organisations, fairs and booth construction. TekstilBox provides "Easy Installation, Easy Transport and Easy Visual Changement". No need an expert to set up your TekstilBox! That is why TekstilBox became the most popular product for Indoor Advertising.

BVLGARI

Tekstilbox products provide a perfect visual quality with TruTex Fabrics with B I certificate (fire resistance ) and with high quality LEDs. It takes only a few seconds to change the visual thanks to silicon wicks which are stitched to each side of fabrics.

Dynamic Lightbox

# DYNAMIC TEKSTILBOX

Dynamic TekstilBox is the new generation of dynamic LED displays that combines printed fabric visuals with dynamic animation.

Dynamic TekstilBox brings dynamism to your store by adding animated effects to your visual communication displays, attracting the attention of customers and enhancing the in-store experience.

## **USE YOUR CREATIVITY**

a visual of your choice brings  
the dynamic you want

## **REMARKABLE**

get more attention to  
your product than ever

## **INSTALL AND EARN**

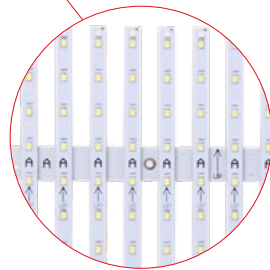

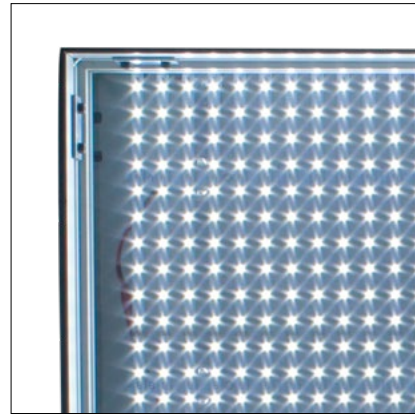

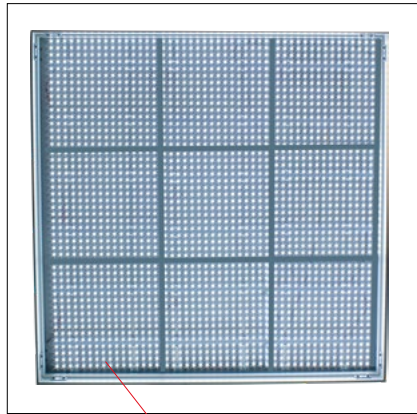

can create different animations  
using the special program

## **MAKE DIFFERENCE**

add great awareness to  
your products

# HOW DYNAMIC TEKSTILBOX WORKS?

## FRAMING SYSTEM

Dynamic TekstilBox is based on a lightweight aluminum frame that is easy to assemble in-store and specially designed for the LED plates to simply lock into place on the frame's interior supports.

## PRINTED VISUAL

Dynamic TekstilBox comes with a high-quality printed visual with **trutex** fabric solutions.
